

Miller's Trussed Platforms, Compression Buffers and Automatic Couplers: The Standard American System of Making Up Railroad Passenger Trains (Classic Reprint)

By E Miller

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Miller's Trussed Platforms, Compression Buffers and Automatic Couplers: The Standard American System of Making Up Railroad Passenger Trains Having at various times been informed that certain persons, unknown to me, have used my name, and represented themselves as the veritable Platform Miller, for the purpose of obtaining favors from railroad officials and others; and that, in several instances, sums of money and railway passes have been thus obtained, therefore, I am constrained to insert this note - though much to my regret - warning all railway men against being thus imposed upon. I also preface this book with a likeness of myself, which will aid in the detection of any who may attempt to counterfeit me in person. Agents from me will, in all cases, bear a letter of my own handwriting, the signature of which will correspond with that accompanying the likeness. Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

-- Mr. Grant Stanton PhD

A whole new eBook with an all new standpoint. It is actually rally fascinating through reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).

-- Claire Bartell
