Sarah Crichton Books, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book. In *Keep It Fake: Inventing an Authentic Life*, Eric G. Wilson investigates this phenomenon. He draws on neuroscience, psychology, sociology, philosophy, art, film, literature, and his own life to explore the possibility that there's no such thing as unwavering reality. Whether our left brains are shaping the raw data of our right into fabulous stories or we're so saturated by society's conventions that we're always acting out prefab scripts, we can't help but be phony. But are some fakes more real than others? Are certain lies true? In lively prose - honest, provocative, erudite, witty, wide-ranging (as likely to riff on Bill Murray as to contemplate Plato) - *Keep It Fake* answers these questions, uncovering bracing truths about what it means to be human and helping us turn our necessary lying into artful living.
