

## Meritocracy and Economic Inequality

By -

Princeton University Press. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 9.1in. x 6.1in. x 0.9in. Most Americans strongly favor equality of opportunity if not outcome, but many are weary of poverty's seeming immunity to public policy. This helps to explain the recent attention paid to cultural and genetic explanations of persistent poverty, including claims that economic inequality is a function of intellectual ability, as well as more subtle depictions of the United States as a meritocracy where barriers to achievement are personal--either voluntary or inherited--rather than systemic. This volume of original essays by luminaries in the economic, social, and biological sciences, however, confirms mounting evidence that the connection between intelligence and inequality is surprisingly weak and demonstrates that targeted educational and economic reforms can reduce the income gap and improve the country's aggregate productivity and economic well-being. It also offers a novel agenda of equal access to valuable associations. Amartya Sen, John Roemer, Robert M. Hauser, Glenn Loury, Orley Ashenfelter, and others sift and analyze the latest arguments and quantitative findings on equality in order to explain how merit is and should be defined, how economic rewards are distributed, and how patterns of economic success persist across generations. Moving well...
