MODELING ELECTROSTATIC FIELDS GENERATED BY INTERNAL CHARGING OF MATERIALS IN SPACE RADIATION ENVIRONMENTS

Modeling Electrostatic Fields Generated
by Internal Charging of Materials in
Space Radiation Environments

NASA Technical Reports Server
(NTRS), Joseph I. Minow

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Internal charging is a risk to spacecraft in energetic electron environments. DICTAT, NU MIT computational codes are the most widely used engineering tools for evaluating internal charging of insulator materials exposed to these environments. Engineering tools are designed for rapid evaluation of ESD threats, but there is a need for more physics based models for investigating the science of materials interactions...

Reviews

It is an incredible ebook that we actually have ever study. This is certainly for all those who statte that there had not been a worthy of looking at. I am just pleased to inform you that this is the very best publication i have got go through during my individual daily life and can be he best ebook for possibly.

-- **Clarabelle Marvin**

This created publication is excellent. it had been writtern extremely perfectly and helpful. You will like the way the writer compose this ebook.

-- **Brenden Sauer**

Absolutely one of the best pdf We have ever read. I really could comprehended every little thing using this written e book. I am easily could get a satisfaction of reading a written publication.

-- **Dr. Odie Hamill**
